## About us

We, the German Center for Integration and Migration Research (DeZIM), are an independent research institute carrying out the survey on experience with discrimination in Saxony. Your information will be kept confidential and anonymous, and it will not be possible to identify you or your replies from the survey. The online survey takes about 25 minutes. We appreciate your participation!

## Our goals

It is our goal to identify the extent, the scope and the consequences of day-to-day experience with discrimination in Saxony. The results of this survey will help to better protect people in Saxony from discrimination. In addition, we aim to improve the structure of counselling and support offers for those affected by discrimination. For this purpose, we would like to determine their specific need for support.

Working together to achieve more possibilities of participation, equal opportunities and inclusive and respectful co-existence in Saxony!
